

Job Aid: Record Learning - Multiple

Purpose

The purpose of the Record Learning – Multiple job aid is to guide you through the step-by-step process of recording completions for items, scheduled offerings and external events; view a user's learning plan to verify the completion. Step-by-step instructions to use the Learning Event Editor to make changes to a completed learning event. Related terminology is provided.

In this Job Aid, you will learn how to:

- Use Record Learning – Multiple to Record Completion of an Item
- Use Record Learning – Multiple to Record Attendance at External Event
- Use Record Learning – Multiple to Record Completion of a Scheduled Offering
- View User Learning History tab
- Edit Learning Event Using Learning Event Editor

Terminology:

Learning Event: A learning event is the record of:

- A completed item
- An unsuccessful attempt to complete an item
- A record of the attendance or completion of any external event that is considered important enough to document but not related directly to learning needs.

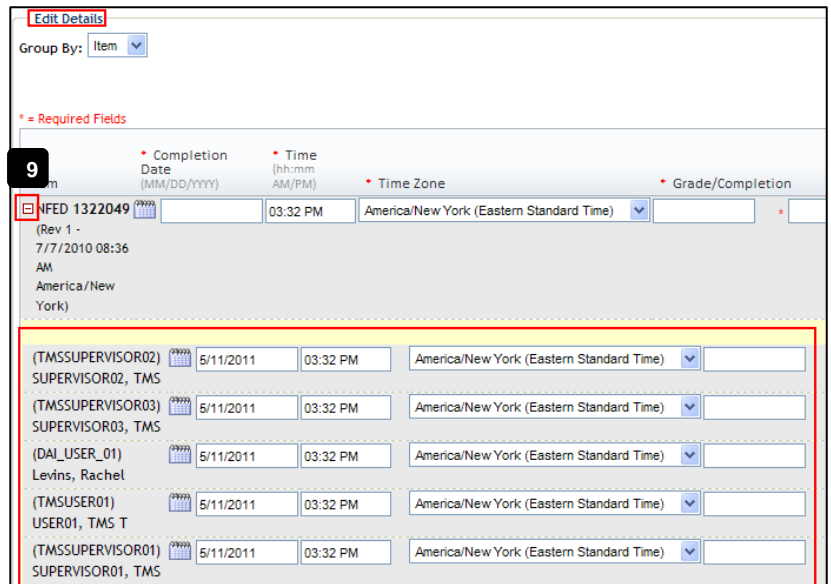

Types of Learning

- **Item Based Events:** Items are the primary events found in the list of learning events for users. Learning events for items include those created as scheduled offerings and those with online content where the system records the learning event when the user completes the content. All items may have a learning event recorded against them for any user, even if the item was not a part of his/her Learning Plan.
- **External Events:** A learning activity outside of the organization, such as a college course or a seminar, for which there is no item record in Plateau Learning, may be recorded in a user's Learning History.
- **Scheduled Offering:** An item or learning event with a scheduled date and time.

9. In the **Edit Details** section, enter details for the item for each user by clicking the **Expand** button:

- **Completion Date** (for example, 04/01/2011)
- **Time**
- **Time Zone**
- **Grade/Completion** status
- Total hours, credit hours, contact hours, and CPE

10. Scroll to the right to click the **More Options** arrow to enter instructor information and comments. The Other Data pop-up displays.
