Learn on-the-go!

Skillsoft's Learning App delivers personalized learning anytime, anywhere. Continuously learn with content from your own areas of interest!

If you are not viewing this email on the mobile device where you want to access Skillsoft Books, please forward email to device.

Configuring the Learning App with your TMS credentials (one time, from your mobile device)

After installing the Learning App, click here to access Skillsoft Books item on the TMS OR you can log in to the TMS on your mobile device and launch Skillsoft Books item from your To Do List (30086).

1. Click Start Course
2. Select **Skillsoft Books (TMS ID 30086)**

![Skillsoft Books](image)

3. Select **Open in the app**. You will be logged in to the app with your TMS credentials. Note: Please be sure ‘Pop-ups are enabled’ in the browser.
4. Select **Open**

5. After you are logged in, you can choose your topics of interest and personalize the app based on what *you* want to see.
Once you have initially configured the Learning App on your mobile device through the TMS, then you can access books and videos from the App for the next 8 hours. Once this time expires, you will have to go back through the TMS to authenticate your login. **Note:** *We are hoping to create a single-sign on solution in the near future.*
