

Books24x7® IT & Desktop Videos

Bite-sized content for daily problem solving

We are excited to announce that VA employees now have access to a series of nearly 5000 IT and Desktop videos. These short - 3 to 6 minutes in length- videos demonstrate specific tasks and features of desktop and IT applications and can be accessed from your PC, tablet, or mobile device.

Topics include:

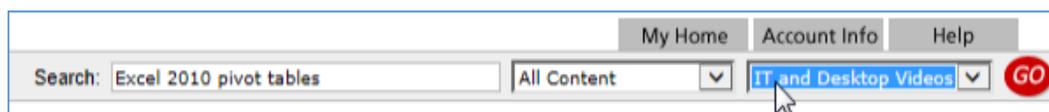

- Microsoft Office - Excel, Word, Access, PowerPoint, and Outlook
- Design & Media apps
- Programming & Web Development
- Social Media
- Mobile App Development
- Setting up and using your iPhone, Android, or Tablet device
- Security
- Virtualization
- Cloud Computing
- And many more!

Navigation Tip: Click this icon to view in full-screen mode

How do I find these videos on Books24x7?

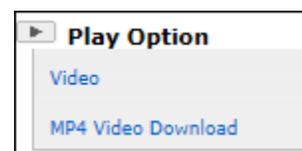

- Click on this [direct link to Books24x7](#) on the VA TMS
- Enter your VA TMS Login ID & PW and click “Start Course” to launch the Books24x7 portal
- Enter your specific topic in the keyword search at the top of the page and select “IT and Desktop Videos” in the Collections dropdown

- Or, to see a complete listing of videos by topic, select “Desktop Video Topics” or “IT Technical Topic Videos” in the Browse Topics tree

How do I play these videos?

- Play videos online in real-time or download to your device in MP4 format
- Select your Play Option on the video launch page
